PROFESSIONAL SUMMARY

Final-year Computer Science student with hands-on experience in web development and a strong interest in fintech systems, cybersecurity, and real-world software solutions. Skilled in building responsive web applications, collaborating in team environments, and continuously learning modern technologies. Completed software engineering training at PLP Academy, gaining handson experience in full-stack development, teamwork, and real-world problem solving.

EDUCATION

St. Paul's University
Bachelor of Computer Science *Expected Graduation: 2027*

Maai-Mahiu Boys' High School
KCSE: C+ (51 Points) *Graduated: 2023*

TECHNICAL SKILLS

Programming Languages:
HTML, CSS, JavaScript, PHP, Java, React, Python

Databases:
MySQL, PostgreSQL, SQLite

Tools & Technologies:
Git, GitHub, Responsive Web Design, Frontend Frameworks

Development Skills:
Problem Solving, Team Collaboration, Agile Thinking

PROJECTS

School Website
Developed a responsive school website to improve information accessibility and digital presence.

Technologies: HTML, CSS, MySQL **Key Contributions:**

- Designed a mobile-friendly and responsive interface
- Improved online visibility and access to school information

🔗 Live Demo: https://maaimahiuboys.netlify.app/

E-Commerce Website

Built a full-stack e-commerce platform simulating real-world online shopping functionality.

Technologies: React, PHP, SQLite / PostgreSQL **Key Features:**

- User authentication
- Product listing and filtering
- Shopping cart functionality
- Backend database integration

Status: Final testing and deployment in progress

Personal Portfolio Website

Designed and developed a fully responsive personal portfolio to showcase projects and skills.

Technologies: HTML, CSS **Key Features:**

- Clean UI/UX design
- Mobile-first layout
- Project and skill presentation

🔗 Live Demo: https://gwanix.vercel.app/

EXPERIENCE

Self-Driven Software Development | Student Projects

- Developed web applications to strengthen full-stack skills
- Collaborated with peers on technical projects
- Applied academic knowledge to real-world scenarios
- Continuously learned modern development tools and best practices

LEADERSHIP & ACTIVITIES

- ISG Student Leader – St. Paul's University
- Member & Leader – ISACA Student Group
- Member – Robotics Club, St. Paul's University
- Player – Roll Ball, St. Paul's University Club

AVAILABILITY

Available for internship, industrial attachment, and graduate trainee opportunities.
